

As a TV newscaster I ask you please DO NOT CHANGE OWNERSHIP RULES. More control of the media by fewer people creates tremendous LOSS OF JOBS. More control of the media by fewer people creates news and information sources that can be more easily controlled by special interests. Historically, dictatorships have been built on a few people controlling the media. George W. Bush says he wants to create jobs, not eliminate them. Media consolidation ELIMINATES JOBS. Do the right thing, save thousands of jobs, save freedom of the press, DO NOT CHANGE THE OWNERSHIP RULES. Thank you.
